DRIVING SCHOOL MANAGEMENT SYSTEM

Module Wise Explain

❖ Admin

- ➢ Login
- ➢ Category (Vehicle) -------------- Add / Delete / Edit / View
- ➢ Driving School -------------- Add / Delete / Edit / View
- ➢ Instructor -------------- Add / Delete / Edit / View
- ➢ Calander -------------- Add / Delete / Edit / View
- ➢ List of Application (Approve or Reject) -------- View / Reject – Delete / Accept – Add
- ➢ Students Assign Instructor --------------- Add / View
- ➢ Result Publishing --------------- Active / Non-active
- ➢ Payment List -------------- View
- ➢ Notification Message -------------- Add / Delete / Edit / View

❖ Student

- ➢ List out the Driving Schools ------ View
- ➢ Enrollment Request ------ Req
- ➢ Login id Provide (Driving School) --- Provide
- ➢ Driving Class List ------ View
- ➢ Form Fill (Proving Driving School) ----- Add / Edit
- ➢ Payment Process ------ Requesting For Driving School
- ➢ Result Publishing ----- View
- ➢ Feedback (Students) --- Add / Delete / Update
- ➢ Notification ------- View

❖ Driving School

- ➢ Enrollment Request / Response ------- View / Add
- ➢ Class --------- Add / Delete / Edit / View
- ➢ Payment List ----- View
- ➢ Requesting Diving License ------ Requesting For Driving License

- Feedback ----- Add / Delete / Edit / View
- Notification ------- View

❖ Instructor

- Assigned Student List ------ View
- Assigned Student Result Publishing ------------ Pass / Failed
- Notification ------- View

Table Design

1. admin_tbl

FIELD	DATATYPE	KEY
admin_id	int(11)	primary key
admin_username	varchar(100)	
admin_password	varchar(100)	
admin_status	varchar(100)	

2. vehicle_type_tbl

FIELD	DATATYPE	KEY
category_id	int(11)	primary key
category_name	varchar(100)	
category_status	varchar(100)	

3. calendar_tbl

FIELD	DATATYPE	KEY
calendar_id	int(11)	primary key
start_date	timestamp(100)	
end_date	timestamp(100)	
calendar_status	varchar(100)	

4. instructor_tbl

FIELD	DATATYPE	KEY
instructor_id	int(11)	primary key
instructor_first_name	varchar(100)	
instructor_middle_name	varchar(100)	
instructor_last_name	varchar(100)	
instructor_code	varchar(100)	

instructor_profile	varchar(100)	
instructor_date_of_brith	timestamp(100)	
instructor_current_address	varchar(100)	
instructor_eduction_certificate	varchar(100)	
instructor_password	varchar(100)	
instructor_status	varchar(100)	

5. driving_school_tbl

FIELD	DATATYPE	KEY
driving_school_id	int(11)	primary key
driving_school_name	varchar(100)	
driving_school_discription	varchar(100)	
driving_school license	varchar(100)	
driving_school_owner	varchar(100)	

driving_school_destination	varchar(100)	
driving_school_number	varchar(100)	
driving_school_image	varchar(100)	
driving_school_timing	varchar(100)	
driving_school_code	varchar(100)	
driving_school_password	varchar(100)	
driving_school_status	varchar(100)	

6. student_details_tbl

FIELD	DATATYPE	KEY
student_id	int(11)	primary key
driving_school_id	int(11)	foreign key
enrollment_id	int(11)	foreign key
student_code	varchar(100)	

student_password	varchar(100)	
student_first_name	varchar(100)	
student_middle_name	varchar(100)	
student_last_name	varchar(100)	
phone_number	varchar(100)	
email_id	varchar(100)	
student_profile	varchar(100)	
student_certificate	varchar(100)	
student_proof_1	varchar(100)	
student_proof_1	varchar(100)	
student_proof_1	varchar(100)	
student_date_of_brith	timestamp(100)	
student_current_address	varchar(100)	
student_status	varchar(100)	

7. application_tbl

FIELD	DATATYPE	KEY
application_id	int(11)	primary key
student_id	int(11)	foreign key
driving_school_id	int(11)	foreign key
instructor_id	int(11)	foreign key
category_id	int(11)	foreign key
student_code	varchar(100)	
student_password	varchar(100)	
student_first_name	varchar(100)	
student_last_name	varchar(100)	
phone_number	varchar(100)	
email_id	varchar(100)	
student_profile	varchar(100)	

student_certificate	varchar(100)	
student_proof_1	varchar(100)	
student_proof_1	varchar(100)	
student_proof_1	varchar(100)	
student_date_of_brith	timestamp(100)	
student_current_address	varchar(100)	
student_status	varchar(100)	

8. test_result_tbl

FIELD	DATATYPE	KEY
test_id	int(11)	primary key
instructor_id	int(11)	foreign key
student_id	int(11)	foreign key
test_result	varchar(100)	

FIELD	DATATYPE	KEY
test_publishing	varchar(100)	
test_status	varchar(100)	

9. payment_tbl

FIELD	DATATYPE	KEY
payment_id	int(11)	primary key
student_id	int(11)	foreign key
driving_school_id	int(11)	foreign key
payment_price	int(100)	
payment_status	varchar(100)	

10. class_details_tbl

FIELD	DATATYPE	KEY
class_id	int(11)	primary key

category_id	int(11)	foreign key
application_id	int(11)	foreign key
class_image	varchar(100)	
class_description	varchar(100)	
class_status	varchar(100)	

11. feedback_tbl

FIELD	DATATYPE	KEY
feedback_id	int(11)	primary key
student_id	int(11)	foreign key
driving_id	int(11)	foreign key
head_tag	varchar(100)	
feedback_message	varchar(100)	
feedback_status	varchar(100)	

12. notification_tbl

FIELD	DATATYPE	KEY
notification_id	int(11)	primary key
admin_id	int(11)	foreign key
driving_id	int(11)	foreign key
notification_head	varchar(100)	
notification_message	varchar(100)	
notification_status	varchar(100)
